

QUEENSLAND SCHOOL LIBRARY ASSOCIATION

Queensland School Library Week

School Libraries in FOCUS 5 - 9 March 2018

QSLA supports school libraries all across Queensland - providing advocacy, communication and information to our members.

In 2018, we are introducing a 'Queensland School Library Week' to focus on the work accomplished by qualified teacher-librarians and library staff in improving literacy and research skills in print and digital formats in **ALL** school libraries, not only those who are members of QSLA.

All schools are invited to join the celebration

Download an A3 poster and infographic, join in the competitions and activities, and focus your school community's attention on the positive impact of school library programs which enrich student literacy and learning.
